

Director Implementation

Company Profile:

Samhita collaborates with companies to develop impactful corporate social responsibility (CSR) initiatives. We shape strategies, design programs, facilitate implementation, and assess the impact of projects. We also work with foundations and donor agencies to bring multiple stakeholders together to address critical social issues collectively and on a large scale.

Our core technology platform, [Samhita GoodCSR](#), revolutionizes the execution and monitoring of social sector projects. GoodCSR has been developed in collaboration with [Collective Good Foundation](#) (CGF) and is supported by the Bill & Melinda Gates Foundation and the Tata Trusts.

We also work closely with CGF to provide comprehensive project management solutions in sectors such as healthcare, education, Water, Sanitation & Hygiene (WASH), and women's empowerment.

Job Description:

1. Bringing together multiple stakeholders, especially the government, companies, implementation partners and international aid agencies
2. Ensure effective and efficient program monitoring; reporting processes are in place and implemented for all program activities
3. Work with the program implementation team to make sure every project being implemented (and developed) has a Log Frame or Results Framework.
4. Ensure that lessons, learning and research around program quality is carried out and used for program quality improvement;
5. Ensure optimal coordination and collaboration of team members with relevant teams and contribution to relevant organizational initiatives;
6. Lead the development, adaptation, testing and mainstreaming of best/good practices in needs assessment, project design, implementation, M & E, and research
7. Assist in raising capital from the private sector for executing innovative, holistic and high impact projects across cause areas.

Skills required:

1. Five+ years of experience in on-ground implementation in the social sector
2. Strong project management skills managing complex, multifaceted projects resulting in measurable successes
3. Demonstrated success of developing and evaluating program models and NGOs, and selecting and operationalizing programs
4. Strong knowledge of the development landscape in India and around the world, including an in-depth understanding of the roles of various stakeholders (government, academia, international institutions, foundations, non-profit and corporate organizations)
