

Implementation Associate

Company Profile:

[Samhita](#) means “COLLECTIVE GOOD.” We help people and organizations “DO GOOD CSR BETTER” by creating symbiotic relationships between those who are bringing about change on the ground and those who have the means and resources to enable that change.

[Collective Good Foundation](#) provides comprehensive project implementation solutions for the development sector. We work closely with companies, non-profits and foundations to address some of the most challenging issues in healthcare, education, Water, Sanitation & Hygiene (WASH), and women’s empowerment.

The [Samhita GoodCSR](#) platform is developed by Samhita Social Ventures in collaboration with Collective Good Foundation and supported by the Bill & Melinda Gates Foundation and the Tata Trusts, with an aim to revolutionize the way social sector projects are executed and monitored. With streamlined dashboards and real time analytics, GoodCSR is changing the way companies and NGOs connect and work towards the larger goal of social change.

Job Description:

1. Ensure effective and efficient program monitoring; reporting processes are in place and implemented for all program activities
2. Work with the program implementation team to make sure every project being implemented (and developed) has a Log Frame or Results Framework.
3. Ensure that lessons, learning and research around program quality is carried out and used for program quality improvement;
4. Ensure optimal coordination and collaboration of team members with relevant teams and contribution to relevant organizational initiatives;
5. Lead the development, adaptation, testing and mainstreaming of best/good practices in needs assessment, project design, implementation, M & E, and research

Skills required:

1. Basic experience in on-ground implementation in the social sector
2. Strong project management skills managing complex, multifaceted projects resulting in measurable successes
3. Strong knowledge of the development landscape in India and around the world, including an in-depth understanding of the roles of various stakeholders (government, academia, international institutions, foundations, non-profit and corporate organizations)
